FRIDAY, MAY 30, 1924

CLEAN-UP WEEK IN SIERRA MADRE JUNE 8 TO 14 - COMMENCE WORK SOON

Cleanup Set For Week of June 8 to 14

June 8 to 14 has been designated as Cleanup Week in Sierra Madre. It will begin on Sunday because cleanliness is an aid to and an object of religion. It is expected the churches and Sunday schools will give a measure of cooperation to the movement to make the week's work thorough.

Cleanup Week is fostered this year by the Chamber of Commerce. Secretary Berg is busy enlisting various agencies such as the schools, the Boy Scouts and business houses. Miss Steinberger, principal, has promised the complete cooperation of the schools, as has Dennis Stovall, head of the Boy Scout troops and president of the Chamber of Commerce.

What It Means

Cleanliness, like charity, begins at home. Accordingly there is work for everyone to do, for it also extends into a number of community interests. Front yards and gardens come in for special attention, but they alone will not count for much if back yards and vacant lots are left covered with weeds and trash. City property and that belonging to organizations will not be exempt. In fact, they are expected to receive special attention.

There are a number of conspicuous pieces of property in town which strike the eye of the passerby as disagreeably as a bad smell. Familiarity of long observance dulls the sensibilities of most people to such things as a sort of necessary evil. But newcomers and strangers experience an unwelcome shock at seeing them. Elimination of some of these eyesores is among the objectives planned for Cleanup Week.

Cleanup Week will go far toward reducing the fire hazard. City ordinances provide for the clearing of weeds and inflammable growth from lots, but the legal process of forcing this work where the property owner is indifferent is sometimes slow. It is hoped that Cleanup Week will provide the necessary stimulus to relieve Marshal Udell and the city street department from doing this work.

PORTS ALL WRONG ON NIGHTINGALE'S SONG

The actual nightingale and the nightingale of poetry have little in common. With two or three exceptions, the poets all sing of a she-nightingale, as most ladies amusingly speak of the family tomcat as "she." But it is of course the cock nightingale that sings, and not the hen. Milton in his verses on the bird, is twice wrong and twice right about the gender and so is Tennyson. Their nightingale has no sex. This would not matter if it were a question of something inanimate. But the very core of the matter in the case of an impassioned bird song is that it is the love warble of the wooing male. Then for 2000 years and more the poets have been calling the Daulian bird "melancholy," and (following the Persians) have pictured "her" as lackadaisically "leaning 'her' breast-up-till a thorn" and moaning out "her" song, whereas the real song is the embodiment of joy and the bird itself is in perpetual good spirits. It is further, not solely a nightsinger (though its name signifies as much), as all the poets except Dryden assume, but emphatically the musician of the bright day, too. The trouble has been that the human singers, in writing of their famous brother singer of the feathered head and throbbing throat, have taken their imagery at second-hand.

CARD OF THANKS

We wish to extend our heartfelt thanks to all those who so kindly assisted during the late illness and death of our deceased daughter and sister, Frances.

MRS. F. E. HILL and FAMILY.

O. E. S. CHAPTERS WILL GIVE JOINT ENTERTAINMENT

Matrons and patrons of the Eastern Star Chapters of Southern California will be entertained next Tuesday night in the Masonic Temple at Monrovia with Sierra Madre and Monrovia as hostess chapters. The visiting officers will be formally received in chapter session, after which a brief entertainment program will be given and refreshments will be served.

The regular meeting of Sierra Madre Chapter will be held next Monday night, June 2.

Memorial to Soldiers at The Schools

Memorial Day exercises were held Thursday afternoon in the quadrangle of the public school building. Veterans of the Civil war, Spanish-American war and the World war were present, together with a large number of parents. These with the school pupils filled the quadrangle for the program was in charge of Superintendent Elizabeth Steinberger which was as follows:

Flag Salute.....Boy Scouts
Invocation.....Dr. Wm. A. Tate
"What Memorial Day Means,"
.....Margaret Butsen
"The Blue and the Gray,"
.....Josephine Hare
"The Ship of State,"
.....Erma Deutsch
Song, "Memorial Day," Upper Grades
Address.....Stanley W. Sutton
"The Man Without a Country,"
.....B-5th Boys

Mr. Sutton is deputy probation officer for the schools of Los Angeles county, and a veteran of the World war. He delivered an inspiring address on the things that make for success in life. He pointed out particularly the necessity for high standards for the future citizens of this country for which soldiers of the various wars have given their lives.

WHY ARE BIG MEN TURNING TO RELIGION

Special attention is being given in these days to religion. Statesmen, novelists, poets, business men, financiers are all telling us that religion—and by religion they mean Christianity—is the hope of the world.

Now what is there in religion that makes men and women turn to it, in spite of their neglect to practice it, with hope, confidence and assurance? What does religion yield as an influence toward making life worth living? At the morning service in the Congregational church Dr. Tate will preach on "What Is There in Religion?" He will seek to answer this question in the light of the positive results that religion brings.

At the evening service at 7:30 Dr. Tate will give an illustrated address entitled, "The New Day in China." All are cordially invited to these services. They are yours. Make the most of them.

THE COOKED ISLE CROCODILE

Little Cleopatra went a-wading in the Nile,
And on a little Crooked Isle she saw a crocodile.
She liked the creature's features when he smiled: "I'm glad glad to meet you."
He said: "I'll run a race with you and when I beat you, eat you."

This was in the Delta where this shocking blow was dealt her;

So little Cleopatra ran for shelter helter skelter.

The 'gator has a gait that's great, But Cleo's gait was greater, And so she got ashore afore the alligator ate 'er.

Election To Be Called In Canyon Park

H. H. Steinberger was awarded the contract for the improvement of East Laurel Avenue and Merrill Avenue at last night's meeting of the city trustees. The total amount of the contract for grading, paving, curb, gutters and sidewalks is \$10,927.13, being \$51 less than the bid of Tracey & Coombs. The property owners were saved \$617.62 by the delay of a few weeks caused by the trustees rejecting the original bids and readvertising the work.

A resolution of intention to improve West Laurel Avenue from Baldwin to Auburn was passed.

Bonds Ordered Sold

The California Company of Los Angeles was awarded the \$80,000 water bond issue at a premium of \$612. In view of the five per cent interest rate the premium was considered excellent.

Notice was received from the Pacific Electric Railway that a crew of men had started work on the resurfacing of the roadbed on West Central Avenue, in accordance with a recent request of the board.

All bids for the insurance of the city's electric motors against burn-out or other internal injury were rejected. Tabulation of the cost for repairs over a period of years caused the trustees to decide the expense of more than \$600 a year would not be justified.

Street Vacation

A request from R. S. Jensen for the vacation of a blind stub end of Alegria street running eastward from Sunnyside Avenue was denied. It was the opinion of the board that as a matter of municipal policy too many such streets had been closed in the past and the way ought to be left for future opening of more through streets rather than the reverse.

Canyon Streets

Improvement of streets in Sierra Madre Canyon Park came a step nearer with the adoption of an ordinance of intention to call an election in the Canyon Park District, being Improvement District No. 1. District bonds in the sum of \$70,000 will be put up to the voters of that district. The election date was set as of August 26, the intervening time being necessary for the completion of the various legal steps.

Cleanup Week

To make the week beginning June 8 officially "Cleanup Week" in Sierra Madre, the board endorsed the plan proposed by the Chamber of Commerce. Chairman Sparks and Clerk Dietz were authorized to issue an official proclamation calling on all citizens to join in making Cleanup Week a great success.

Power of a Small Loop Antennae Radio

The amount of power received and developed by a small loop antennae radio receiving set has been calculated by Dr. W. R. Whitney, research chemist of the General Electric Company.

At a recent meeting of the American Chemical Society he said that a loop one foot in diameter, in receiving radio impulses at Schenectady from San Francisco, received such a minute amount of energy, that the energy set free by a housefly in climbing one inch up a wall would equal what was received day and night for a continuous period of 35 years.

Mr. and Mrs. Ivan Buie entertained on Monday night with an informal dinner in honor of Mrs. A. C. Young who left Thursday for a visit with her parents at Alliance, Nebraska. Those who enjoyed the affair were, Mr. and Mrs. C. Hall Perry, Mr. and Mrs. L. M. Anderson, Mr. and Mrs. Ralph Stover, Mr. and Mrs. V. C. Hill and Mr. and Mrs. A. C. Young.

Groups Meet To Talk Over City Program

Group meetings of Chamber of Commerce members are affording a wonderful clearing house of ideas for community work. They are the first of the new activities taken up by the Chamber of Commerce since the recent expansion campaign.

Group meetings offer many advantages over the open forum where a large number of people meet for a similar purpose. The formalities of a large meeting and lack of time prevent any large number from expressing themselves satisfactorily.

Under the group plan each of the team workers in the recent campaign calls together a group of 25 members at Chamber of Commerce headquarters. Each is given a card with space for writing two things, First: What do you think the Chamber of Commerce as an organization should do for you, personally? Second: What is the first thing the Chamber of Commerce should undertake for Sierra Madre as a whole?

The answers written on the cards afford plenty of material for interesting and thought provoking discussion. Two things are being accomplished: The elimination of personal ambitions from the things expected of a community organization, and the sifting out of projects really worth while.

Sometimes matters which seem very important to an individual are brought up and some one else present who is more familiar with all the circumstances pertinent thereto shows where it is impractical or offers a better solution of the same thing. Among the subjects discussed at these meetings are school bonds, a general cleanup week, more sidewalks, street improvements, a recreation park and various means of community advertising.

After the various groups have completed their meetings a conference of the group leaders will be held and the various proposals will be sifted further and out of them it is expected a well defined program for the chamber will be outlined.

Group meetings have been held under the leadership of Fred Griebnow, Orville Emley, E. P. Bradford and Dr. H. J. Powers. The remaining meetings will be held as follows: June 2, Major C. S. Floyd; June 3, Mason Brown; June 4, Tom Henderson; June 5, H. H. Steinberger; June 6, R. M. Finlayson; June 9, Col. John Borradaile.

Deaf Man Paralyzes Auction Lot Sale

A vacant lot on East Colorado, in the high school section, was offered for sale Friday last at auction. Some one started the bidding at \$150 per front foot. Later it was raised to \$175 per front foot. In the crowd was a man partly deaf and did not catch all that was said, and he got the idea that they were bidding for the entire lot and not by the foot so he promptly bid \$200 and was ready to go more. This figure shut off the other bidders and it was finally knocked down to the \$200 bid. He was knocked off his pins when he learned that it was \$200 a foot and not that price for the whole lot. The auctioneer was also paralyzed when he learned the real situation. Now the sale will have to be held over again. While it was not funny to those directly concerned, it was decidedly humorous to the outsiders.—Lamanda Park Herald.

City Clerk Dietz and City Marshal A. M. Udell will be the guests of City Attorney Frederick Baker for the week end at Catalina.

If you want to buy it, sell it, exchange it, rent it or hire it, drop a "Want-Ad" in the News. They "deliver the goods."

TENNIS MEET DRAWING TO CLOSE FINISH

Matches in the tennis tourney will be continued Saturday afternoon on the park courts. The schedules call for the finals of the mixed doubles and continuation of the men's doubles. All players in these sections are requested to be present, or lose their games by default.

Last Saturday in the semi-finals, Victor Hill beat Dr. Tate and Jenner beat Emley. The finals in this class will be played next Saturday and will arouse a good deal of interest.

The park courts were a little soft last Saturday. It is expected they will be in fine shape for tomorrow's play.

Meeting For Formation of Legion Post

Formation of a Sierra Madre Post of the American Legion is the objective of a meeting to be held in the Park House next Monday evening at 7 o'clock. The call is issued by Jack Mitchell after consulting with a dozen or more men interested, most of whom are already members of posts located elsewhere.

Application blanks for a post charter have been received from the headquarters of the Department of California. Fifteen signers are required as a minimum and no difficulty is expected in securing a far larger number as charter members of the post.

More than 80 men entered the service from Sierra Madre during the late war. Most of them have returned here. Since that time the population has more than doubled and there is probably a proportionate increase in the number of veterans residing here. It is estimated that about 150 local men are eligible to the Legion membership. It is expected a very large representation of these will be present at the meeting Monday night.

MOTORS KEEP MULTIPLYING

The Division of Motor Vehicles announces the following as registrations for 1924 up to May 21st.

Passenger cars, 983,389; pneumatic tired trucks, 118,283; solid tired trucks, 37,049; motorcycles, 9,704; trailers, 10,698. Grand total, 1,159,123.

Total receipts amounted to \$5,646,626.25.

Other registrations were auto dealers, 2,591; motorcycle dealers, 69; trailer dealers, 19; hidden transfers, 92,173; regular transfers, 82,391; Chauffeurs, 74,309.

A report issued by the Division of Motor Vehicles shows that approximately 20,000 violators of the headlight provisions of the state laws have been caught by the traffic officers since the headlight campaign was started on May 1. The division promises to continue the campaign until the glaring light evil is abated.

\$271,618,668 Total of Ford Cash on Hand

Cash on hand of the Ford Motor Company, Inc., at the end of 1923, totaled \$271,618,668, the largest of any industrial corporation in America and nearly double that of the United States Steel Corporation, its nearest rival. This was an increase of \$112,012,981 over cash on hand at the beginning of 1923, and \$162,385,936 over 1922.

The Ford figures, which became known through the balance sheets filed recently with the Massachusetts commissioner of corporations, compare with cash on hand of \$143,499,628 of the United States Steel Corporation and \$47,069,804 cash on hand of the General Motors Corporation, the second largest manufacturer of automobiles in the world.

Lodge Gives Temple Fund Great Boost

Raising of \$2500 in donations to the lodge building fund in less than an hour was a remarkable achievement at the dinner given by Sierra Madre Lodge No. 408, F. & A. M. Tuesday night. This brings the total donated for the purpose to \$7,000 and is believed to assure prompt pushing of the enterprise to completion.

The lodge has already paid for a lot 135x192 on East Central avenue. It is expected the lot and building when completed will represent a value of about \$20,000. It will be devoted entirely to the purposes of the Masonic lodge and the Eastern Star.

Architect R. M. Finlayson now has detailed plans and specifications in course of preparation. The building is to be of stucco finish, in a modified Italian type of architecture.

About 75 men sat down to the fine dinner provided by the entertainment committee. Each man had been provided with a sheet of paper from which to fashion a hat, and the blue hats being on one side of the table and the gold on the other caused much hilarity at the variety of styles.

E. L. Yerxa, master of the lodge, presided at the table, which reached the length of the Wistaria room. He turned the program over to George B. Morgridge, representing the building committee.

The rivalry which started among the male milliners extended to singing by the two sides captained by Harvey Steinberger and Jack Buchan. A trombone solo by Carl Pegler, assisted by J. N. Hawks, made a great hit. Cartoons of various members by Harold Roberts caused an uproar of mirth when thrown on the screen.

Irving J. Mitchell, past master of University Lodge and president of the Masonic club of Los Angeles, made a stirring address. He reviewed Masonic history briefly to show that it was the spirit of service and personal sacrifice by the craft in the past which had made the fraternity great, and pointed to the proposed temple as something worthy of the best efforts of all local Masons whether members of this lodge or not.

The "other twin," Robert Mitchell, was then called upon to explain in detail the status of the building enterprise, and in his zestful way to conduct the further ceremonies. The enthusiasm with which the crowd rose to the occasion caused the goal to be reached so soon that everybody had to stay around another hour to talk about how much fun it was.

In most enterprises of this kind it is the practice to sell stock or other securities to the members to finance the enterprise, with the expectation, often disappointed, of getting their money back. It is believed this enterprise will be unique in the proportion of money raised by outright donation of the members.

HICKMAN-HEDERLY

The marriage of Miss Bertha Hickman and Mr. Raymond Hedderly took place on Wednesday at the home of the bride's mother, Mrs. Emery Hickman of Alhambra. The ceremony was performed by Rev. Father Haggerty of Alhambra in the presence of a number of friends and relatives. Mrs. MacDonald, sister of the bride, was matron of honor, and Norman Olsen of Sierra Madre was best man.

The bride is a charming young woman who has, until recently, been attending a Catholic seminary in Hollywood. The groom is well known in Sierra Madre, having lived here most of his life. He is a present salesman for the Magnus Fruit Co. of Los Angeles. After enjoying a honeymoon trip to San Francisco they expect to return to Alhambra to make their home.

Right Here at Home! WISTARIA THEATRE

Sierra Madre

For Week Beginning Saturday, May 31

Saturday Matinee and Evening and Monday Evening—
EXCITEMENT

Just finished playing in Los Angeles. In fact, we have been waiting for them to get through with it. Laura LaPlante, the screen's newest star. Right up-to-the-minute and just a little bit ahead of it. Motorcycle courtship, aeroplane wedding, with a spill into Johnson's Lake of Pasadena. An evening of clever entertainment by the younger set. Clean and refreshing.

ANDY GUMP at the osteopath's, and another comedy.

Tuesday and Wednesday—

DAMAGED HEARTS

Mary Carr, Jerry Devine, Helen Rowland and Tyrone Power. A gripping novel of the swamps of Florida. Two orphans cruelly separated in spite of the boy's pleadings. Through abuse he grows up a hard, revengeful man. Your pulse will beat more quickly as you watch the transformation wrought by a woman's love. This is a powerful plot, with amazing, realistic developments. Every nerve will tingle with the red-blooded thrills and deep, tense emotions. Sixth Chapter of "FIGHTING BLOOD."

Thursday and Friday—

THE NEAR LADY

Gladys Walton, the sunshine type of the American girl, is a manicurist until her family "get rich." Basil Van Bibber's family tops the list in the social Blue-Book; but financial ruin hits them, and the two families meet, and things begin to happen. A rollicking, rioting, sparkling comedy all through.

INTERNATIONAL NEWS, and "KEEP HEALTHY" Comedy.

Saturday Matinee and Evening—

THE MASK OF LOPEZ

The first of our group of FRED THOMPSON and his wonderful trained horse, SILVER KING. You sure will admire beautiful, intelligent Silver King. Watch for his poster before we show one of these.

BABY PEGGY, in "OUR PET." She needs no introduction; we all know her and love her.

Scout Camps Will Be Safe This Summer

Although the Boy Scout camps throughout the country have maintained a high standard of safety, this year through an agreement of co-operation between the Boy Scouts of America and the American Red Cross, Boy Scout camps promise to be the most safe in the country.

Mr. James L. Fieser, vice chairman of the National Headquarters of the American Red Cross, in commenting on this fact the other day, said, "The Boy Scouts have for several years been working in close co-operation with the Red Cross. The Red Cross Junior Life Saving test and the Boy Scout Merit Badge test in life saving are the same and the Scouts passing either may receive the other. The Red Cross is urging all of its life savers and examiners to volunteer their services to the Boy Scouts organization."

"Early in the program of the Boy Scout organization plans to develop for this coming summer camps in each of its 22,000 troops at least two Junior Junior Red Cross Life Savers who will be known as Scout Life Guards. These boy life savers will assist in teaching swimming and life saving to all members of their troop and serve as safety patrols on hikes and as life guards in the summer camp."

Mr. William Carr Hunt, division manager of the American Red Cross for this district, is calling to the attention of the Red Cross chapters the importance of this co-operation with the Boy Scouts.

The Scout organization has adopted a slogan, "Every Scout a swimmer by September 15th."

Following a conference between the Red Cross and the Boy Scouts the following minimum safety requirements for summer camps has been adopted:

1. A physical examination of campers for heart defects or other weaknesses.
2. A division into four grades—sinkers, beginners, swimmers and life savers.
3. Bathing only at regular hours with full supervision.
4. The beginners are roped and buoyed from deep water.
5. A certified Red Cross Life-Saver in charge of aquatics.
6. A life boat on patrol; life-guards on the dock, on the diving tower, and in the boat.
7. A life ring and grappling hook ready for service at dock and landing.
8. The use of the water buddy plan for all swimmers, with frequent checking up.
9. A daily soap wash in addition to swims to prevent infection from cuts or scratches.
10. A medicine chest and blankets available near swimming places for emergency use.
11. A well-thought-out plan of procedure in case of accident including a method of reaching a doctor quickly.
12. The marking of all boats with safe load capacity, and the supervision of boating by experts.

Boys Making Ready

The summer camps which are to be conducted by the Pasadena District Council, Boy Scouts of America, of which our community is a part, are to maintain the above standards.

Although the Boy Scout camps which are to be held at Cherry Valley, on Catalina Island, are over a month away, there are already one hundred and twenty-five applications in, including boys from our community.

Although the local camps have always maintained a high standard this year's program has arranged for more safety precautions, more variation of program and activities, greater variety of food and additional expert leaders.

Scouts in this district who are planning to attend the Catalina camps should file their applications either through their scoutmasters or at the headquarters, 18 Stanton building, Pasadena, at the earliest possible date.

Mrs. Frances Daly Called to Rest

Mrs. Frances Daly passed away Tuesday morning at the home of her mother, Mrs. F. E. Hill, on East Laurel avenue. She was a native of New Mexico and was 24 years of age, having been a sufferer from tuberculosis for three years. She was one of fourteen children and in addition to her mother, leaves five brothers and five sisters. Funeral services were conducted Wednesday afternoon at the chapel of Ray A. Grant by Elder J. H. Moore of the Church of Christ, of which she was a member.

FULL WEEK OF FEATURES AT THE WISTARIA

There are plenty of antidotes for spring fever or summer dullness in the programs offered by the Wistaria Theatre nowadays. The offering Saturday and Monday is "Excitement," in which Laura LaPlante is the star. Those who saw her in "Sporting Youth" will want to see her in this thrilling romance. The last episode of "Cap'n Kidd" will be a strong attraction, also.

"Damaged Hearts" is the offering for Tuesday and Wednesday. It is claimed to prove that there are sometimes more than three sides to a triangle. An interesting idea is developed in a striking way in this story of a society woman imprisoned by and transforming an outlaw of the Florida Everglades. The scenario is by Basil King.

Free gift award on Wednesday night. The box of candy given by Robert Mitchell last Wednesday night went to W. Drum. Manager Brown said it ought to have gone to a lady, but he presumed a lady would get it anyway.

Gladys Walton comes Thursday and Friday in "The Near Lady." It is a whirlwind romance with many merry moments. Don't forget the International News, too.

Fred Thomson, world's champion all-round athlete, comes on Saturday of next week. He is achieving popularity on the screen as he did when a college athlete, and is making a new brand of "westerns."

BELLA VISTA NEWLY FITTED

To make Bella Vista Terrace like new from one end to the other, R. B. Wilson, proprietor, has had complete new furnishings installed in the original seven cottages. The new portion was of course furnished upon completion last season, making the older part seem shabby by comparison. Velour and tapestry upholstery was chosen for all the old bungalows. To add to the comfort and convenience of tenants, automatic water heaters were also installed. Mrs. James, who is in charge of rentals, reports that all the cottages are occupied at present.

INTERESTING EXPERIMENT

Fresh—Say, Prof., how long could I live without brains?

Prof.—That remains to be seen.

A MESSAGE OF CHEER TO THE SICK

Health Is Within Your Reach

By freeing your Nerves and Blood Vessels from Abnormal Interference

Corrective Dietetics Applied in Necessary Cases

SICK PEOPLE OFTEN WONDER WHY THEY ARE AILING. They do not realize that a slight pressure upon any Nerve hinders its Life carrying powers on which the Ailing organs depend for normal health. They resort to various methods that may give temporary relief, yet, the real CAUSE—the NERVE PRESSURE—is not removed. And so they continue chasing rainbows, not suspecting the true cause of their ailments.

As a competent SPINAL THERAPIST, I am simply a skilled engineer of the human body—particularly of its great SWITCH BOARD—the Spine and Nerves.

I can find and remove the Nerve Pressures and allow normal health to return to the ailing organs.

I CAN ALSO HELP YOU TO HELP YOURSELF BY TEACHING YOU TO LIVE IN ACCORDANCE WITH NATURAL HEALTH LAWS.

If you suffer from any digestive disorders, or from Colds, Hay Fever, Catarrh, Bronchitis, Asthma, Headaches, Neuritis, Rheumatism, Kidney and Bladder disorders, or any other complaint not here mentioned, come and consult with me about them.

ALL CARS USED RED CROWN Los Angeles—Camp Curry YOSEMITE ECONOMY RUN

OFFICIAL RECORDS—CLASS WINNERS

CLASS	CAR	DRIVER	MILES TO THE GALLON
1A	Overland, Model 91	R. Bonaccini	28.03
2A	Overland, Model 92	Joe Bozzani	29.36
3A	Oakland Sedan	A. L. Peterson	18.18
4A	Kissel	H. L. Nicholson	21.05
5A	McFarlan Six	V. V. Hilliard	14.16
Closed Car	Oakland Sedan	A. L. Peterson	18.18

Overland, Model 92, Wins 1924 Sweepstakes

The car using the least gasoline, regardless of classification, was the Overland, Model 92, which made the entire run on 13-5/8 gallons of "Red Crown," averaging 29.36 miles to the gallon. Zerolene was the oil used. The Willys-Knight won second place, averaging 23.53 miles to the gallon of "Red Crown," and the Gardner took third place, averaging 28.08 miles to the gallon of "Red Crown."

These mileage records are all the more remarkable for the new ruling which barred going out of gear to save gasoline.

STANDARD OIL COMPANY
(California)

STANDARD of QUALITY

ZEROLENE BRINGS IN SIX OF THE NINE WINNERS

Six of the cars winning trophies in the Los Angeles—Camp Curry Yosemite Economy Run used Zerolene: The Overland, Model 92, winner of first place in the Sweepstakes and Class 2-A; the Overland, Model 91, winner of Class 1-A; the Oakland sedan, winner in Class 3-A and "Closed Car"—and the Kissel, winner in Class 4-A.

29.36 Miles per Gallon
of "Red Crown"

For the eighth consecutive year "Red Crown" was the only gasoline used in this sensational power and mileage test. The reason for this unanimous choice is shown by the remarkable records printed here. Since the motor fuel was exactly the same gasoline as the public uses—is there any reason why "Red Crown" won't develop more power and better mileage in your car as well?

And as for oil, when Zerolene brings in six of the nine winners, won't it pay you to use Zerolene—a better oil—even if it does cost less?

BUSINESS IS ON A SOUND FOUNDATION

"Much of the talk we now hear of business being poor has no foundation," said F. L. Greenhouse, manager of the investment department of the Southern California Edison Company, in an address at the district Edison Club meeting Tuesday night.

"While there have been some unfortunate situations this year, which have slowed up business along certain lines, there is no need of becoming alarmed. My observation in Monrovia and the nearby communities is that things are running along in about normal fashion," Mr. Greenhouse said. "In my department, which handles the sale of the company's securities, I have noticed a considerable increase in the number of purchasers at this time. At first sight this does not sound reasonable, but it is a fact that when business in general takes a conservative turn, the market for seasoned securities improves, this being due to the average man's desire to have liquid assets."

The dinner was given to Mr. Fred Schwartz, the Edison company's manager, by the Edison club of which J. B. Wood is president. P. B. Reagan was chairman of the program and acted as toastmaster. This club in company with others in the Edison organization, volunteered to sell a specified number of Edison seven per cent preferred shares during 1924. Mr. Reagan and his associates conceived the idea of devoting their time after hours during the coming month to this purpose and have christened June as "Schwartz Month." It is their desire to sell their entire allotment before they go on their vacations.

Mr. Greenhouse who has had charge of the company's stock sales since the inception of this plan in 1917, was a guest of honor.

MITCHELL NEW VICE PRESIDENT

At a recent meeting of the directors of the Chamber of Commerce Robert Mitchell was elected second vice president, Dennis Stovall remains as president and J. F. Sadler as first vice president. During his incumbency of the office of mayor Mr. Mitchell refrained from taking office in the Chamber of Commerce although sufficient votes were cast to elect him in the annual poll of members. His reason was that the Chamber of Commerce has frequent occasion to make requests of the city trustees and it was not best for him to be on both boards. With the city responsibility off his mind he is able to devote more time and energy to Chamber of Commerce affairs and the directors were glad to be able to get him on the official roster again.

DR. BOVARD LEAVING FOR A. M. A. MEETING

Dr. Gilbert S. Bovard leaves Sunday for Chicago where he will attend the convention of the American Medical Association, expecting to be absent about six weeks. While in Chicago he expects also to attend some important clinics and take some short post graduate courses in special lines. While visiting his parents, Dr. and Mrs. W. S. Bovard of Evanston, Ill., Dr. Bovard will also have the pleasure of attending the commencement of Northwestern University, where his sister, Miss Alice May Bovard, graduates with honors this year. On his way home he expects to stop at Yellowstone National Park and other places of interest.

Charles Johnson of Long Beach purchased the W. I. Manchester residence at 328 Auburn this week and expects to come to Sierra Madre to make his home. Mr. and Mrs. Manchester are planning to go east for the summer.

DOLLAR DAY NEXT MONDAY AT SADLER'S

J. F. Sadler has planned another of his famous Dollar Day sales for next Monday, June 2. There will be bargains as usual for every member of the family and many things for the household as well.

Through repeated offerings of big values at these sales, Mr. Sadler has developed a remarkable volume of business. He says:

"There is no use labelling it 'sale day' unless you are offering something out of the ordinary. The average woman is careful enough to discover the camouflage mighty quick and she won't come back for your next sale."

The increasing volume of business which has resulted from the Sadler Dollar Days show what his customers think of them.

LEAVING FOR HOME ON LAKE

E. J. Webster of 121 East Alegria expects to leave tomorrow for Bay View, Idaho, where he will spend the summer at "Idle Wild," his home on the lake. He has received cheering news from his caretaker that fishing in the lake is already fine, and is looking forward to some good sport. He will return about the middle of September.

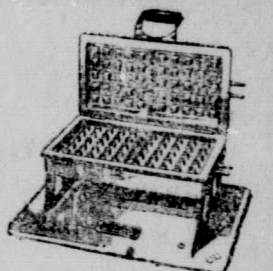

The Woman's Guild of the Church of the Ascension are invited to luncheon at 12:30 o'clock at the home of Mrs. T. H. Flather, 241 E. Grand View avenue, on Friday, June 6. The hostess will be assisted by Mrs. Howard and Mrs. Walker.

The Modern Priscillas will meet on Thursday afternoon, June 5, at the home of Mrs. T. M. Webster, 101 Bonita avenue.

NOTICE TO CANYON WATER USERS

On Monday, June 2nd, repairs will be made on the reservoir in the Sierra Madre Canyon. We hereby notify all water consumers in the Canyon that while repairs are being made the water will not be shut off altogether at any time, but no sprinkling should be done during that day nor should water be wasted in any way until repairs are completed.

THOMAS HENDERSON,
Water Superintendent.

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of the Sierra Madre City School District will receive sealed bids for general supplies as per detailed list now on file in the office of the Principal in the School House, Sierra Madre, Calif.

Each bid must be accompanied by a cashier's or certified check for 5% of the amount of the bid, made payable to the order of the Board of Trustees, Sierra Madre City School District; shall be opened in public Wednesday, June 4, 1924, at or about 2 o'clock p. m. in the office of the Board of Trustees at the School House, Sierra Madre, Calif. The above mentioned check shall be given as evidence that the successful bidder will enter into contract, if awarded as bid, and will be declared forfeited if the successful bidder refuses to enter into such contract after being requested so to do by the Board of Trustees.

Bid to be awarded on the basis of a continuing contract covering a period of one year.

The Board reserves the right to reject any and all bids, and to eliminate any items or parts of items when awarding the contract. By order of the Board of Trustees of Sierra Madre City School District of Los Angeles County.

Signed:
MRS. FLETCHER H. WITTE,
Clerk, Board of Trustees.

NOW IS THE TIME TO DECORATE

I am a general contractor of Painting and Decorating, have been since 1880. My hobby is Paper hanging, having been known as a specialist in wall decorations in Chicago and other Eastern cities steady since 1886. I have been giving the Sierra Madre Paint and Paper Store the chance of taking orders for my work, as I did not intend to start contracting here. Am stopping at the Rainier Hotel.

This ad will not appear again at present, but I expect to stay among you at least until next March.

LADIES' AID MEETING

A large attendance of the Ladies' Aid of the Congregational church is desired on Tuesday, June 3, beginning at 2:30 in the church parlors. Plans for the bazaar and garden party which will be held at the home of Mrs. N. W. Tarr, will be discussed. Much interest and friendly rivalry have been shown in the membership drive, and the reports of the two captains, Mrs. Percy Kortkamp and Mrs. Louise Gray, will be made at this meeting, although the drive does not close until June 17.

EDITORIAL COMMENT

No War Profits—No War

Early in 1917 when the country was debating the wisdom and justice of a draft law, the News urged that drafting of men would be fair only when munitions plants and other necessary property were also drafted. "Selective service" took the men who were not engaged in the "necessary business" which proved so profitable. The war millionaires and the memory of their employees loafing on "cost plus" contracts at \$50 a day furnish all the argument needed by most people in favor of the proposal that property shall be conscripted the same as the lives of citizens for war purposes. Of all the peace plans proposed none gets closer to the heart of things. The way to stop war is to make it unprofitable for anybody!

Ain't it awful? The styles just make you yearn for cryin' out loud—unless you have taken a recent look into the family album.

"He who hesitates is lost," but among the exceptions is the driver on THIS side of the railroad crossing. The NEAR side is the safe side.

Friendly Understanding Helps Most

Most of the troubles in human affairs are due to selfishness. And selfishness is apt to be due to narrow vision. The man who is extremely critical of his neighbor or of things in general usually lacks complete understanding of the other fellow's position. He is apt to forget the other man or the other group has his own set of laudable ambitions, tastes and ideals, as well as some faults. There isn't any better remedy for the chronic critical attitude than getting them together for frank, friendly discussion of personal and community matters. Such a thing is being done in the group meetings of members of the Chamber of Commerce. It is amazing to see how grievances disappear and how community ambition takes the place of personal cupidity when things are threshed out in the open on a friendly basis.

The chorus keeps increasing: "We want sidewalks."

LIMERICKS AT SING AMUSING

Last week was the open season for amateur poets at the Community Sing. There was a competition in limericks which provided a spicy diversion and gales of merriment. Some of those submitted by various authors were as follows:

LIMERICKS

I
There's a dear little lady in our town
Whose spirit can never be kept down.
She brought us the sing
So now let it ring;
Three cheers for this lady of our town.

II
Our leader's a jolly good fellow;
We all sing for him till we bellow;
He scratches his head
And wishes he's dead,
But, oh, he never would tell, oh!

III
There was a community singer
Who liked on the high notes to linger;
Till Hugo got mad
Now the musical lad
Is quite careful to follow K's finger.

IV
There was a young man quite poetic
Who spelt all his words by phonetic.
He worked all night long
Just to write out this song;
But his effort is really pathetic.

V
There was a young tenor named
Barbour
Who thought he could sing in his
arbor.
He sang and he sang
Till the neighborhood rang,
But he ought to be ducked in the harbor.

VI
A party who comes to the Sing
Said, "I'd like to know the reason,
by jing!"
When I'm on the tune
Every one in the room
Is singing the opposite thing.

VII
I've written down limericks galore;
I think I've made fifty or more
But no word can I offer
To rhyme with Kirchhofer
It's enough to make anyone sore.

VIII
There was a grouchy old gent
Who begrudged every cent that he
spent;
He went to the Sing
It didn't cost him a thing
And he said, "I'm real glad that I went."

HE KNEW

Mary's Beau—Is Mary your oldest
sister?
Little Brother—Yes.
Mary's Beau—And who comes af-
ter her?
Little Brother—You and a couple
of other guys.

TOO MUCH HANDICAP

Two small boys were puzzling
their brains to invent a new game.
At last one of them said eagerly:
"I know, Billy, let's see who can
make the ugliest face."
"Aw, go on!" was the reply. "Look
what a start you've got!"

NOTICE OF SCHOOL BOND ELECTION

NOTICE IS HEREBY GIVEN To the qualified electors of Sierra Madre City School District of Los Angeles County, California, that, in accordance with the provisions of the Political Code of the State of California, an election shall be held on the 9th day of June, 1924, at the Kindergarten Building, in this School District, between the hours of 8 a. m. and 8 p. m. (during which period and between which hours the polls shall remain open), at which election the question of issuing and selling bonds of said District to the amount of ONE HUNDRED THOUSAND DOLLARS for the purpose of raising money for purchasing school lots, for building or purchasing one or more school buildings or making alterations or additions to any school building or buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, for improving school grounds, shall be submitted to the qualified electors of said District and be voted upon.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each and shall bear interest at the rate of five per cent per annum, payable semi-annually. Said bonds shall be numbered from 1 to 100 consecutively, payable as follows:

Bonds numbered 1 and 2, to run 1 year,
Bonds numbered 3 and 4, to run 2 years,
Bonds numbered 5 and 6, to run 3 years,
Bonds numbered 7 and 8, to run 4 years,
Bonds numbered 9 and 10, to run 5 years,
Bonds numbered 11 and 12, to run 6 years,
Bonds numbered 13 and 14, to run 7 years,
Bonds numbered 15 and 16, to run 8 years,
Bonds numbered 17 and 18, to run 9 years,
Bonds numbered 19 and 20, to run 10 years,
Bonds numbered 21 and 22, to run 11 years,
Bonds numbered 23 and 24, to run 12 years,
Bonds numbered 25 and 26, to run 13 years,
Bonds numbered 27 and 28, to run 14 years,
Bonds numbered 29 and 30, to run 15 years,
Bonds numbered 31 and 32, to run 16 years,
Bonds numbered 33 and 34, to run 17 years,
Bonds numbered 35 and 36, to run 18 years,
Bonds numbered 37 and 38, to run 19 years,
Bonds numbered 39 and 40, to run 20 years,
Bonds numbered 41, 42 and 43, to run 21 years,
Bonds numbered 44, 45 and 46, to run 22 years,
Bonds numbered 47, 48 and 49, to run 23 years,
Bonds numbered 50, 51 and 52, to run 24 years,
Bonds numbered 53, 54 and 55, to run 25 years.

run 25 years,
Bonds numbered 56, 57 and 58, to run 26 years,
Bonds numbered 59, 60 and 61, to run 27 years,
Bonds numbered 62, 63 and 64, to run 28 years,
Bonds numbered 65, 66 and 67, to run 29 years,
Bonds numbered 68, 69 and 70, to run 30 years,
Bonds numbered 71, 72 and 73, to run 31 years,
Bonds numbered 74, 75 and 76, to run 32 years,
Bonds numbered 77, 78 and 79, to run 33 years,
Bonds numbered 80, 81 and 82, to run 34 years,
Bonds numbered 83, 84 and 85, to run 35 years,
Bonds numbered 86, 87 and 88, to run 36 years,
Bonds numbered 89, 90 and 91, to run 37 years,
Bonds numbered 92, 93 and 94, to run 38 years,
Bonds numbered 95, 96 and 97, to run 39 years,
Bonds numbered 98, 99 and 100, to run 40 years.

The following named persons, being competent and qualified electors of this School District, are hereby appointed officers of election to conduct said election, to-wit: Mrs. Anna B. Brandt, as Inspector, and Ethel H. Hawks and Ella V. Berg, as Judges, and said Inspector and Judges shall make return of said election pursuant to law.

IN WITNESS WHEREOF We have hereunto set our hands this 12 day of May, 1924.

The Deadly window ledge

MOST housewives realize that it is decidedly dangerous to keep food in a window box or "cold air" closet at any season. It is exposed not only to temperature variations; but also to the impurities of the dust laden air and to the moisture in which all germs love to breed.

The one safe, economical way to keep food is in the cold, even temperature of a well filled refrigerator.

From the standpoint of expense, ice is an economy the year 'round. It saves flavor, nutrition and food, values for which we pay dearly these days--and at a trifle for this protection.

Preserve health--prevent waste!
Take ice regularly.

BOBBER SHOP AS NAME WOULD BE APPROPRIATE

About the time the barbers began stocking up with face creams, scented talcum powder and similar trimmings some of them began to be known as tonsorial artists.

This rather flossy title has been shortened by some members of the craft to tonsorialist, but even this is not satisfactory to those leaders who are trying to pull barbering up to a higher plane.

The title of chirotonsor has been conferred upon those barbers who are described in the Master Barber as those who manipulate the human head with their hands—the beauty shop operators, the barbers, hair dressers and cosmeticians. When the editor of the Master Barber was talking to a chirotonsor about the title she said that "it is not exactly a smooth flowing, pretty word, is it?" He admits her criticism has some merit, but urges the use of the word until something better is found.

A committee that has been investigating words for the barber trade has submitted a report suggesting that chirotonsor does well enough within certain fields, but that chirotherapy and chirotherapeutic should supplant the word massage, because the simple laying on of the human hand, or the stroking of the head without kneading it at all has the very highest significance, force, service, value.

It is urged that plumbers were known as plumbers for many years. Then they became sanitary engineers with increased prestige and a higher wage scale. By the same line of reasoning the barbers are asked to apply to themselves a title appropriate to the many sidelines they now

carry. The old idea of a barber was that he cut hair and shaved or trimmed beards. That was before the days of massages, mud packs, violet rays, face lifting and electric scalp treatment.

There are elements of danger in the new drive. Many men now shave themselves and some have had to buy clippers for use on the backs of their wives' necks. It is only another step to general haircutting at home. This may come if the barbers coin words that the public find hard to pronounce or understand.

In view of the number of women customers the tonsorialist now has, he might as some people already have done, call his place a bobber shop.

PASADENA HAS WATER WORRIES ALL ITS OWN

Pasadenans will have to get up in the wee small hours to sprinkle their lawns and gardens or else do it after the dinner hour in the evening for the next four years judging from the talk given by Samuel B. Morris, superintendent of the Municipal Water Department.

In presenting the present water situation Mr. Morris declared that considerably more than the annual run-off from the Arroyo Seco is being used as the annual run-off is 11,340 feet, while 12,000 acre-feet is being consumed in Pasadena alone.

Mr. Morris states the only hope for relief is diverting of water from the San Gabriel Canyon and that could not be accomplished possibly, he said, in less than four years.

Tells of Reasons

Accordingly, in order to avoid a still greater shortage caused by excessive use of water it has been deemed wise to have the restrictions that are now in effect which prohibit the sprinkling of lawns, etc., during the day and making it necessary to indulge in that outdoor sport either before 8 o'clock in the morning or after 6 at night.

Explaining the reason for not making it after 5 at night Mr. Morris said that no doubt everybody would make a wild rush for their garden hose as soon as five bells sounded, with the result that Pasadena housewives would be quite frantic because of the lack of water to be used in the preparation of their respective evening meals.

Original settlers of Pasadena, Mr. Morris said, located near a gravity course of water supply but during the fifty years following the founding of the city the development has been so great that the shortage of water has become more and more noticeable.

ORDINANCE NO. 281

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE ORDERING THE VACATION AND ABANDONMENT OF A CERTAIN ALLEY IN THE SAID CITY OF SIERRA MADRE.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1: That all that portion of that certain alley, in said City of Sierra Madre, described as follows, to-wit:

Beginning at the Southeast corner of Lot 4 of the Ritchey Tract, as per map recorded in Map Book 11, page 130, Records of Los Angeles County, California; thence Northerly along the East line of said Lot 4 to the Northeast corner of said Lot 4 of said Ritchey Tract; thence East along the Northerly line of said alley fifteen (15) feet to the Northwest corner of Lot 1 of said Ritchey Tract; thence Southerly in a direct line to the Southwest corner of Lot 3 of said Ritchey Tract; thence West in a direct line to the point of beginning, be and the same is hereby closed up and vacated for street purposes.

SECTION 2: That the said work is for the closing up, vacation and abandonment of that certain alley more particularly described in Section 1 hereof, and it appears to said Board of Trustees that there are no damages, costs or expenses arising out of said work and that no assessment is necessary for said work, and therefore, no Commissioners are appointed to assess benefits and damages for said work, and to have general supervision thereof.

SECTION 3: The Sierra Madre News, a weekly newspaper of general circulation, published and circulated in said City of Sierra Madre, is hereby designated as the newspaper in which this Ordinance shall be published in the manner and by the person required by law.

SECTION 4: The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published by one insertion in the manner required by law in said newspaper.

Adopted and approved this 22nd day of May, 1924.

J. D. SPARKS,
President of the Board of Trustees of the City of Sierra Madre, California.

Attest:
(Seal) L. DIETZ,
City Clerk of the City of Sierra Madre, California.

State of California,
City of Sierra Madre—ss.

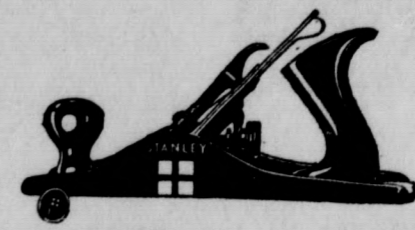

I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance was adopted by the Board of Trustees of the City of Sierra Madre, State of California, at a regular meeting thereof, held on the 22nd day of May, 1924, and signed by the President of the Board, and that the same was passed by the following votes, to-wit:

AYES: TRUSTEES Karicofe, Porter, Topping and Sparks.
NOES: None.

(Seal) L. DIETZ,
City Clerk of the City of Sierra Madre, California.

JUNE BRIDES DISTRACTING RADIO DEALER

"I can't help getting so darned enthused over radio that I almost forget to advertise anything else in the store," said G. I. Farman of the Sierra Madre Electric Co. "Here it is the week to advertise all the nifty things we have to please June brides and I can't get the radio stuff out of my mind. Do you know, we've got the whole blamed Radiola line on display here now, from the Super-Heterodyne and Radiola X down to the smallest outfit made under the Radiola label! It's the greatest line yet offered to the public and they can't see or hear anything better by going off to the big cities. But here's that June bride ad, anyway. That's a once-in-a-lifetime proposition and the dear things must not be overlooked. Incidentally, people sure do read the Sierra Madre News, judging by the number who came in to see that Serv-El refrigerator you told 'em about last week."

SECRETARIES SEEK UNITY

Secretary L. D. Berg of the Chamber of Commerce spent Saturday at Avalon, attending a meeting of the Southern California Association of Commercial Secretaries and enjoying the wonders of Catalina Island. One of the important and interesting topics of discussion was how chambers of commerce can act as an agency to secure closer cooperation of all local organizations in matters of community interest.

SUPPORT PAPER WHICH BOOSTS YOUR TOWN

The Ventura Free Press, which in a lengthy article points out the many petty advertising grafts designed only to get the business men's money admonishes the merchants to turn a deaf ear and a cold shoulder to the absolutely valueless schemes and to support instead the newspaper that boosts your town.

To which the San Fernando Sun adds:

Amen! Hit 'em again. The thing that gets an editor's nannygoat by the seat of the breeches is—why in the samhill some merchants promptly "fall" for the advertising fakir and then tell the hometown editor, down on his benched knees begging for support, that "it doesn't pay to advertise."

Here is the local paper, "working its head off" in an effort to help the live ones put this town on the map and there are business men who have not given it one red cent in advertising support, and yet we see their names on the traveling advertiser's "easy mark" list. It's enough to make a newspaper publisher weep crocodile tears.

The Ventura Free Press very correctly says that "the newspaper at all times stands as the defender of the city in which it is printed and always boosts the home town and its people," and then goes on to say:

"Consider your newspaper and its service to you and your city; the amount its proprietors have invested in it; the money they are expending in making it a credit to your city and its employees who spend their money with you; take everything into consideration and we confidently believe that you'll find newspaper advertising the best and most successful way in the world of putting your messages before the people."

"The newspaper man does not want your advertisement because he is trying to put something over, attempting an experiment or working a graft. He is selling you a commodity on the same basis as you sell your merchandise to him; one hundred cents' worth of advertising for every dollar you spend. Patronize your newspaper."

Charles F. Blackwell, one of the leading business men of the state of Washington, is not backward about telling to what he attributes his success. In a recent talk to a convention of business men he told them some things that merchants generally will do well to take note of. He said:

"There are many lines of publicity that the country merchant can use to advantage, but that one he can use to the best advantage is the hometown newspaper. I venture to say that if the money spent each year for fancy calendars and other knick-knacks given away were invested—I say invested, not spent nor donated—in carefully planned newspaper advertising, the actual net returns to the advertiser would be ten times as great, to say nothing of the advantage the town would receive through the small town paper's ability to become stronger through added revenue. For we know that as a business builder the home-town paper is without an equal."

WHEN THE TIME CAME

Mandy had completed a hard morning's work over the wash tub and was just eating her well earned dinner when a neighbor came in.

"Mandy prepare yo'self foh bad news; dere has been a turrible accident, an' yo' husband!"

"Lawd sakes, chile, if Rastus done got killed, yo'all is gwineater heah some pow'ful wailin', soon's ah git mah dinner et."—Mrs. E. F. Shelton in Scapper's Weekly.

FUNDS ASKED FOR CLEANING OF CEMETERY

The Sierra Madre cemetery has been undergoing a thorough cleaning this week under the direction of J. N. Hawks, secretary of the Cemetery association. It will be necessary, according to Mr. Hawks, to meet the expense of about \$75 by voluntary contributions. The association is not in position to pay the bill, and many of the lot owners are out of reach or refuse to take any interest in the upkeep of the cemetery. That means the burden of whatever is done falls upon other lot owners or interested citizens who may be willing to aid as a matter of community pride. Contributions toward the fund may be left at the office of Andrews & Hawks.

NOTICE OF PUBLIC WORK
PUBLIC NOTICE IS HEREBY GIVEN, That on Thursday, the 1st day of May, 1924, the Board of Trustees of the City of Sierra Madre, California, did, at its meeting on said day, pass a Resolution No. 183 declaring its intention to order the following street work to be done, to-wit:

To close up and vacate that portion of Grand View Avenue also known as Kinney Road in the City of Sierra Madre, described as follows, to-wit:

All that portion of Grand View Avenue also known as Kinney Road lying between the northerly prolongation of the easterly line of Santa Anita Avenue and the Section line between fractional sections 15 and

16, Twp. 1 N. R. 11 W. S. B. M. in the City of Sierra Madre, State of California.

That the exterior boundaries of the Districts of lands to be affected or benefited by said improvement, and to be assessed to pay damages, costs and expenses thereof are hereby fixed and described as follows, to-wit:

"Beginning at the intersection of the northerly line of said Grand View Avenue and the northerly prolongation of the easterly line of Santa Anita Avenue as shown on the map of a part of Santa Anita Tract as recorded in Book 34, Page 41 and 42, Miscellaneous Records of Los Angeles County; thence northerly along the northerly prolongation of the easterly line of Santa Anita Avenue six hundred sixty (660) feet; thence easterly parallel with and six hundred sixty (660) feet northerly from the northerly line of said Grand View Avenue four hundred seventy (470) feet more or less to the line between fractional sections 15 and 16, Twp. 1 N. R. 11 W. S. B. M., thence southerly along the section line of said sections 15 and 16 six hundred sixty (660) feet to the northerly line of said Grand View Avenue; thence westerly along the northerly line of said Grand View Avenue four hundred seventy (470) feet more or less to the place of beginning, excepting therefrom any portion of any public street or alley which may be included within the above described assessment district. Reference is hereby made to said Resolution of Intention No. 183 on file in the office of the City Clerk of said City of Sierra Madre for further particulars.

A. M. UDELL,
Street Superintendent of the City of Sierra Madre.
Dated this 8th day of May, 1924.

"Lady Assistant"

Sierra Madre Woman's Club

(Correspondence)

The annual election of officers at the meeting of the Woman's club on Wednesday resulted in the election of the nominees whose names appeared on the official ballot, as follows:

President, Mrs. W. J. Lawless.
First vice president, Mrs. A. F. Snell.

Second vice president, Mrs. H. T. Fennel.

Recording secretary, Mrs. E. E. Bacon.

Corresponding secretary, Mrs. H. J. Powers.

Treasurer, Miss Eleanor Bayne.
Auditor, Miss Clara Sykes.

Directors, Mrs. J. Milton Steinberger, Mrs. F. B. Seeley, Mrs. John Osgood and Mrs. E. Sturthal.

The club program on Wednesday was full of interest as usual although we were disappointed in that illness prevented our having the remarkable child pianist we expected to hear. He will come to us later, however.

Mrs. Nell Booker Mayhew gave a most delightful talk on "Art for the Artist and the Layman." She showed us beautiful color etchings of all the California missions, giving many interesting and amusing stories of her experiences in visiting the historic old places and making the pictures.

Mrs. Seymour, president of the Monrovia Woman's Club, was a guest of our club at this meeting and made a friendly, neighborly talk.

Mr. Hyer of Hong Kong exhibited and discussed a collection of Battik art in the Osgood room.

The following reports and announcements were made:

There will be a tennis dance on Saturday night, June 21. Come in comfortable sport clothes.

At the luncheon on June 11, Miss Summerhill will furnish the salad course and give a demonstration of corn products. The luncheon speakers will be Mrs. Elmer Green and Mrs. Chester Brown, who will give State Convention reports. Mrs. Stork will preside at the afternoon meeting, which will be devoted to study of Browning. The Rev. Bradford Leavitt will address us on the theme, "Browning, the Poet of Faith Triumphant." We will also have the privilege of seeing at this time the miniature of Browning which Miss Bush has recently completed.

Conventions Coming

There are many conventions and conferences going on at present. Mrs. Harold Allen, Mrs. James F. Denison, Miss Ruth Klemme, Miss Grant, Miss Cummin and Mrs. Scantlebury will represent the club at the meetings of the Drama League at Pasadena.

Mrs. Dingman will attend the Social Service conference at Long Beach.

Mrs. C. H. Baker, Mrs. Elmer Green, Miss Klemme, Mrs. Chester Brown and Mrs. Lawless will be at the State convention on Friday and Saturday of this week. Mrs. Harold Carew will be unable to attend on account of illness. These delegates are invited to be the guests of Mrs. Baker at luncheon on Saturday.

Twelve of our club members will be in almost constant attendance at the Biennial. Mrs. Osgood, our president emerita, will be one of about 150 women who will have the honor

MORE OIL IS IN EVIDENCE AT VOSBURG

Confidence that Arcadia's wildcat well of the Vosburg Petroleum Company will come in within the next few days if present unusually favorable indications continue to prevail is expressed on every hand by heads of the Arcadia company, and by eminent oil authorities who visited the well this morning following the heavy run of oil into the sluice box.

Oil in gratifying quantities continue to come down the sluice box, mixed with gas bubbles, which indicates a heavy gas pressure, and until 2 o'clock yesterday afternoon continued to increase gradually.

A depth of 2550 feet has been reached, and the present formation through which the drill is passing overlies the oil sand, according to President Vosburgs. That this second stratum of oil sand will bring in a flow is the opinion of oil authorities, and it is believed that there will be no necessity of drilling to the third stratum.

So keen is the interest of several large oil corporations in the new field that, according to Mr. Vosburg, one of the largest companies has been endeavoring to buy one of the Vosburg leases, having offered a \$100,000 bond that they will drill within ten days of the date of signing of the document.

That the local firm has supreme confidence in the outcome is indicated by their refusal to consider the proposition.

to be seated on the platform at any meetings they wish to attend.

Mrs. Lawless, chairman of the custodian committee, will have an office inside the auditorium off the Olive street mezzanine. Mrs. Homer Glidden and Mrs. E. H. Carpenter of our club are on her committee, also Mrs. George Sinsabaugh, formerly of Sierra Madre. Mrs. Lawless will also assist at the Biltmore in conducting guests of honor to the speaker's table, and will thus hear and see many of the celebrities at close range and hopes to be able to report on these close-ups.

Mrs. Ingraham will represent the club at the California luncheon on Tuesday. Our delegates, Mrs. Walker and Miss Fennel, are planning to attend all sessions. Mrs. Frank Hart is a member of the fruits and flowers committee.

Mrs. Milton Steinberger is vice-chairman of the floor committee and the following Sierra Madre club women are assisting her: Miss Klemme, Miss Woodward, Mrs. Finlayson, Mrs. Sturthal.

Mrs. Lawless has a room at the Clark hotel with the California delegation and would be glad to have our club women come there during the sessions.

Don't forget the Fete at Mrs. Lehner's on Saturday, May 31.

Marshal Udell Lauded

The following resolution, presented by a committee consisting of Mrs. Fennel, Mrs. Stork and Mrs. Griebnow, was unanimously approved and a copy ordered to be placed on the minutes, and a copy sent to the Sierra Madre News:

Whereas, Mr. A. M. Udell, our city marshal, has shown exceptional ability in maintaining a clean, safe, and law-abiding community, and

Whereas, there have been spoken at sundry times and places, in this organization of the Sierra Madre Woman's Club words of high praise and commendation of his attitude, therefore, be it

Resolved, that we express to him our appreciation of his uniform exaction of obedience to law; also be it Resolved, that we tender to him our gratitude, admiration and at all times our moral support in his efforts for good government; also be it Resolved, that we pledge our assistance in any call he may make upon this club for cooperation.

The last meeting of the Parliamentary class will be held next Tuesday, 2 to 4 o'clock, at the home of Mrs. Elmer Green, 169 N. Baldwin. All Members of the class are urged to come.

THE OTHER FELLOW

"I hear you've had a fight with the Brown boy. Didn't I tell you I'd punish you if you fought again?" asked the father sternly.

The son looked up nonchalantly. "Dad, you'd better take a look at what I did to that Brown kid before you start anything," warned the youthful warrior.

PEOPLE SCHEME A NEW CITY

The people in the county sections just east of Pasadena city limits have dropped their plan for annexation to Pasadena and are now planning the organization of a corporation of their own and will ask for a charter for a city of the sixth class, according to the Lamanda Park Herald.

A meeting was held at the Michilinda Woman's Club House one evening last week and the matter thoroughly talked over. An organization was made, a committee named to take charge, employ an attorney to draft the necessary papers to get the matter under full way.

The boundary lines at present are the Foothill boulevard on the north, the Pasadena city limits on the west, Huntington Drive on the south and the Arcadia city limits on the east. This may be changed, however, and some more territory on both the north and south be taken in. This section will include all that thickly settled part east of the wash, Titleyville, Oak Park, the Backus tract, the Chapman Villa, Michilinda and several other booming subdivisions.

As far as can be gleaned from the promoters, who are all people living within the boundary lines of the proposed new city, the real object of this movement is to drive out the dairies, which they claim is a detriment to that part of the county becoming a desirable place for homes. As the matter will have to be submitted to a vote of all concerned, there is a chance of a nice little election fight out that way.

The people of the Community known as Santa Anita have plans under way to also incorporate and have their own government. Another section to the south is also moving along the same lines and will call theirs East San Marino. Between the three of them there may be a conflict over territory.

Largest Swimming Pool.

San Francisco has a new swimming pool which is said to be the largest in the world. It is 1,000 feet long and 100 feet wide, except for a center portion which is 300 feet wide to provide for a racing course across the pool. The depth varies from 3 to 14 feet and the cost of the pool was \$80,000.

The Union Pacific announces a permanent reduction in local passenger fares between California, Nevada and Utah points on its lines west of and including Salt Lake City. The new rate from Los Angeles to Salt Lake City is \$28.05 instead of \$41.39 as formerly. 31-35c

MORE THAN GENEROUS

"I put an ad in the paper asking for a wife."

"Any answers?"

"Any? The first day I got 400 and two from men asking me to take theirs."

One's True Self.

The noblest thing you ever did, the noblest emotion you ever felt, the deepest and most self-sacrificing love ever in your soul, that is your true self still, through all the baser life into which you have fallen.—Phillips Brooks.

Three Million Skeletons on View.

The Paris catacombs are again becoming one of the show places of the city. The great labyrinth of corridors cut from stone hold the skeletons of more than 3,000,000 persons who have died in Paris during several centuries.

Less Painful.

Wife—"Richard, I wish you'd take care of the baby for an hour or so. I'm going to have a tooth pulled." Hub—"Aw, look here, Madge, you mind the kid and I'll go and have a couple of teeth pulled."—Boston Transcript.

Gaps in One's Life.

At certain periods of life we live years of emotion in a few weeks, and look back on those times as on great gaps between the old life and the new.

It's Proper.

If your friend's taste in literature is beneath your standard, you regard it with an amiable smile, never with scorn.

There's a Difference.

Aches and pains that come from athletics are the source of boasting, the other kind are taken to the doctor.

Particular About Fabrics.

Turkish women are more particular about the fabrics used in their garments than the cut and style of them.

Keeping Quiet.

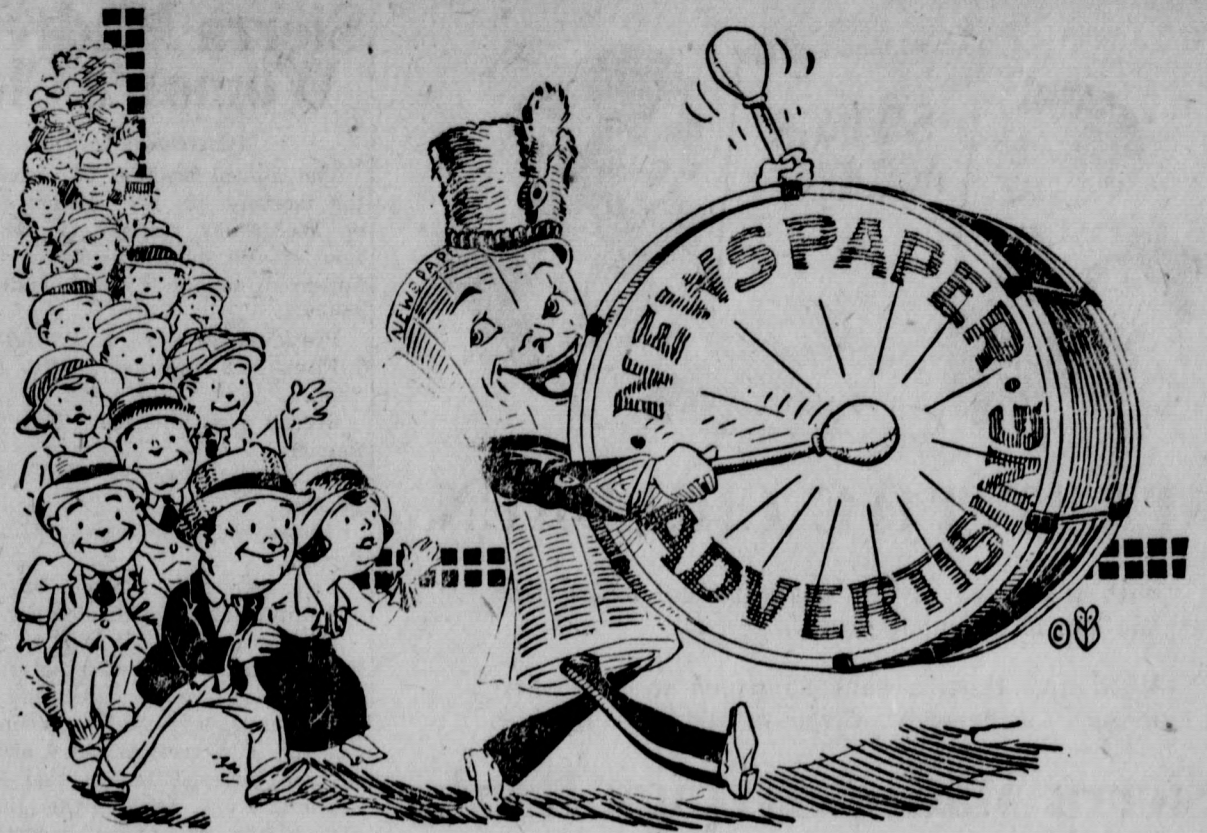

'Tis better to keep silent and be thought a fool than to speak and remove all doubts.—Midwest Review.

A Kick Coming.

Exasperating, indeed, to the young, is the indifference to either enthusiasm or indignation of the older.

Home of the Chestnut.

The home of the chestnut is in the Mediterranean region, where chestnut trees have been cultivated from early times.
